**MERCED COUNTY ASSOCIATION OF GOVERNMENTS TO HOLD PUBLIC
WORKSHOPS FOR MERCED COUNTY REGIONAL VISION**

MERCED- The Merced County Association of Governments (MCAG) will hold a second workshop in Los Banos to give the public an additional opportunity to learn more about the Merced County Regional Vision – a collaborative effort between the County of Merced and the Cities of Atwater, Dos Palos, Gustine, Livingston, Los Banos and Merced. Merced County Regional Vision will provide the framework for investment in roads, freeways, public transit, bike trails and other ways people move around our County through 2042. It will also include a plan to accommodate the region's future housing needs and comply with the State- mandated legislation to reduce greenhouse gases (SB375).

“We have a great opportunity to plan for how we will move people and goods throughout the County – especially now that we have successfully passed Measure V,” said MCAG Deputy Executive Director Stacie Dabbs. “The workshop will give participants an opportunity to learn more about the planning process and weigh in on priorities for investments.”
