**MERCED COUNTY ASSOCIATION OF GOVERNMENTS TO HOLD PUBLIC  
WORKSHOP IN PLANADA FOR MERCED COUNTY REGIONAL VISION**

**MERCED-** Merced County Association of Governments (MCAG) will hold a public workshop in the community of Planada on January 10, 2018 to give the public an additional opportunity to learn more about and engage in the Merced County Regional Vision process – a collaborative effort between MCAG, the County of Merced, and the Cities of Atwater, Dos Palos, Gustine, Livingston, Los Banos and Merced. Merced County Regional Vision will provide the framework for investment in roads, freeways, public transit, bike trails and other ways people move around our County through 2042. It will also include a plan to accommodate the region's future housing needs and comply with the State-mandated legislation to reduce greenhouse gases (SB375).

“Community engagement is vital to this process as we work collaboratively to plan for how we will move people and goods throughout the County over the next 25 years – especially now that we have successfully passed Measure V,” said MCAG Deputy Executive Director Stacie Dabbs. “The workshop will give participants an opportunity to learn more about the planning process and weigh in on priorities for investments.”

The workshop will be held:

Wednesday, January 10, 2018

5:30 pm

Senior Citizens' Annex

9167 Stanford Avenue

Planada, CA 95365
